

## Amplify Science Middle School Summary Usage

This document describes the fields (columns) in the CSV data file. The data file downloaded from Amplify Administrator Reports contains student information on activity completed by students.

### Data Dictionary

| Field                       | Description   |
|-----------------------------|---|
| ORGANIZATION_MEMBER_SIS_ID  | Student Information System ID, if provided  |
| ORG_SIS_ID                  | Organization ID, if provided. The district ID will display if a school ID was not provided. |
| ORG_DISTRICT_NAME           | District name   |
| ORG_SCHOOL_NAME             | School name   |
| STUDENT_FIRST_NAME          | Student's first name  |
| STUDENT_LAST_NAME           | Student's last name   |
| TIMESTAMP_DATE              | Date and time the event was received by Amplify   |
| NUMBER_PAGES_VIEWED         | The number of times a page is viewed  |
| NUMBER_ACTIVITIES_SUBMITTED | Number of activities submitted  |
| TIME_SPENT                  | The amount of time spent  |
| ACTIVITY_DURATION           | The duration of the activity  |

## Amplify Science Middle School Assessment Results

This document describes the fields (columns) in the CSV data file. The data file downloaded from Amplify Administrator Reports contain student information and student responses to the Amplify Science middle school unit assessments.

### Data Dictionary

\*All fields begin with "Science"

| Field*                          | Description  |
|---------------------------------|--|
| District Name                   | District name  |
| School Name                     | School name  |
| Class Name                      | The class section name   |
| SIS ID                          | Student Information System ID, if provided   |
| Last name                       | Student's last name  |
| First name                      | Student's first name   |
| Email                           | Student's email address, if provided   |
| Hand In Date                    | Date of submission   |
| Unit Name                       | Science unit title   |
| Assessment Name                 | Science unit assessment name (Pre-Unit, Critical Juncture, or End-of-Unit)                             |
| PB Level                        | Progress Build score assigned by the multiple choice autoscore (1, 2, 3, or 0)                         |
| Test Score Achieved             | Raw test score (Total number of questions answered correctly in this lesson)                           |
| Test Score Potential            | Maximum possible score (Total number of questions in this assessment)                                  |
| Test Score                      | Percent of questions answered correctly (0 - 100%)   |
| Question 1-20 Score             | Score achieved for each question in assessment: 1 if correct, 0 if incorrect, NA if no response given. |
| Written Response 1              | Student's response to the assessment's the first written response question, if the student responded.  |
| Written Response 1 Custom Score | Custom score from the teacher, if provided.  |
| Written Response 2              | Student's response to the assessment's the first written response question, if the student responded.  |
| Written Response 2 Custom Score | Custom score from the teacher, if provided.  |
