

The Art of ELA

Our program is filled with hundreds of beautiful and thought-provoking illustrations that accompany daily digital lessons. Amplify ELA believes in the power of art to enhance the learning experience inside the classroom by helping students make connections and engage with complex literary content.

Each unit in Amplify ELA has its own identity, style, and artwork uniquely articulated by a different illustrator. It portrays the themes, ideas, and narrative moments specific to the lessons of that unit. Teachers and students should feel encouraged to begin their day by discussing the new banner illustration for each lesson.

It is our hope that the artwork will lead to meaningful daily classroom conversation, and inspire our students and their peers to be all the more engaged with Amplify ELA.

We would love to hear from you about the impact of the artwork on your daily instruction and your students.

“Meet the Illustrators”

Video Series

Amplify ELA is committed to the diversity of representation in our program. We have captured a series of videos that document the creative journey of up-and-coming and seasoned illustrators from all walks of life and their contribution to our middle school program.

Each episode focuses on one person’s personal story and the unique process by which they have illustrated different narratives and historical accounts within the 2nd Edition ELA program, which is now available to students nationwide.

Find them Online: Unit > SU1 > Lesson 1

Several units have a “Meet the Illustrator” video and blog interview available and located in the **Lesson Brief Materials** of the 1st lesson in these units:

Grade	Illustrator Videos	Unit
6	Paige Womack	6B
	Edel Ferri	6D
	Caroline Hadilaksono	6E
	Eddie Peña	Poetry in America
7	Elizabeth Dantzler	7B
